

Introducing Bizmobia: Your Trusted Fintech Partner

7 Years of Fintech Excellence

Since 2019, Bizmobia has pioneered innovative mobile wallet solutions that transform how businesses manage payments globally.

Our Global Footprint:

- Serving clients across **multiple countries** and diverse industries
- Powering **millions of transactions** with 99.9% uptime
- Dedicated to **financial inclusion** through digital innovation

The Payroll Challenge Today

Limited Access

Traditional salary payments exclude unbanked employees, creating significant financial barriers and delays in accessing earned wages.

Security Risks

Cash and cheque payments increase vulnerability to loss, theft, and fraud, endangering both employees and businesses.

Administrative Burden

Manual payment processes create excessive paperwork, reconciliation challenges, and higher operational costs.

Businesses worldwide are seeking more efficient, secure, and inclusive payment methods that can empower their entire workforce, regardless of banking status or geographic location.

**Financial freedom.
on your time.**

Why Mobile Wallets for Salary Payments?

Instant Access

Employees receive funds immediately, without delays or waiting periods—no bank account required.

Enhanced Security

Advanced encryption, biometric authentication, and tokenization protect sensitive financial data.

Cost Efficiency

Eliminates expenses associated with printing, distributing, and reconciling physical payments.

Bizmobia's Mobile Wallet Solution: Key Features

Flexible Onboarding

Customizable KYC processes and self-registration options to suit different employee demographics and regional requirements.

Multi-Currency Support

Handle payments in various currencies with competitive exchange rates for global workforces.

Comprehensive Financial Tools

Bill payments, P2P transfers, remittances, and virtual card issuance within a single platform.

Transparent Tracking

Detailed transaction history and real-time notifications for both employers and employees.

Empowering the Unbanked Workforce

1.7B

Unbanked Adults Globally

Represent a significant portion of the global workforce without access to traditional banking services.

By bridging the financial inclusion gap, Bizmobia's mobile wallet solution transforms lives—enabling unbanked employees to participate fully in the digital economy without traditional banking constraints.

100%

Digital Inclusion

Bizmobia's solution ensures every employee can receive, manage, and use their salary digitally.

24/7

Access to Funds

Employees can check balances, make transfers, and manage finances anytime, anywhere.

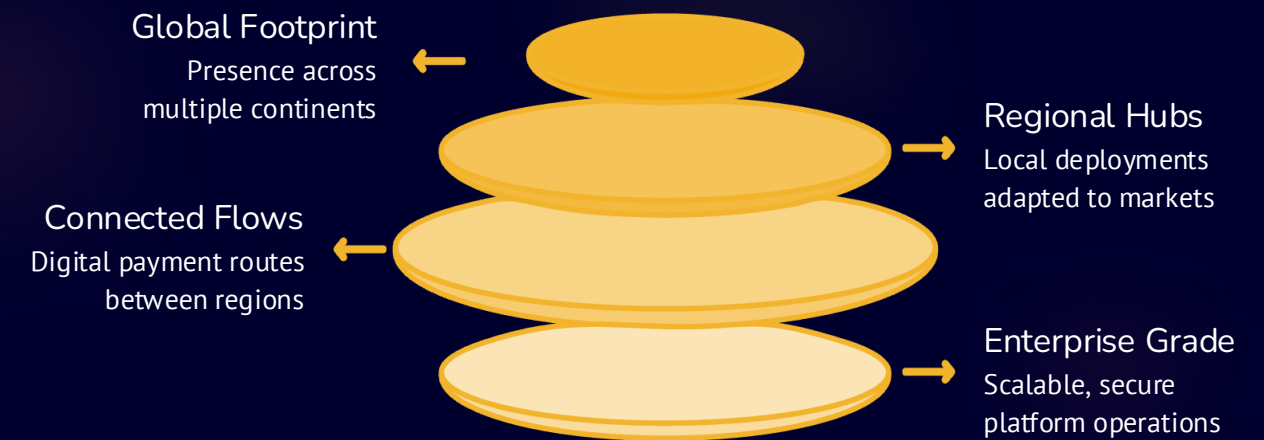

Global Reach, Local Impact

Proven Worldwide Deployment

Bizmobia's mobile wallet platform has been successfully implemented across diverse markets, adapting to local regulations while maintaining global standards of excellence.

- ✔ **Enterprise-Grade Performance:** Our platform handles millions of transactions daily with 99.99% reliability, trusted by businesses of all sizes.

Bizmobia's platform adapts to local regulations while maintaining global standards

Seamless Integration & Customization

API-Driven Architecture

Robust APIs facilitate smooth integration with your existing HR, ERP, and payroll systems, minimizing disruption during implementation.

White-Label Options

Customize the mobile wallet with your company branding, colors, and features to create a seamless employee experience.

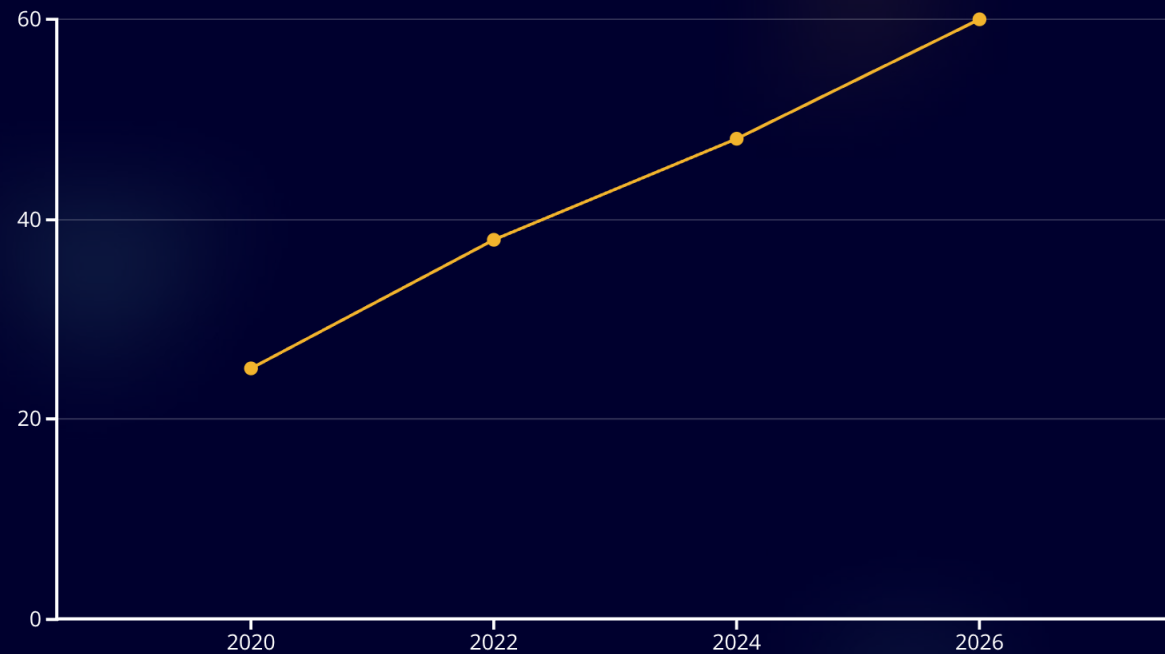

Flexible Deployment

Choose between cloud-based SaaS model or on-premise installation to meet your specific data security and compliance requirements.

The Future of Payroll is Digital & Inclusive

Projected global adoption of digital wallets

Leading the Payroll Revolution

As digital wallets become the preferred financial tool globally, Bizmobia stands at the forefront of this transformation, particularly for payroll solutions.

Key Trends:

- Increasing demand for instant payment solutions
- Growing focus on financial inclusion for all workers
- Rising importance of mobile-first financial services
- Greater emphasis on secure, contactless transactions

Bizmobia's platform evolves continuously to meet these emerging needs and stay ahead of industry trends.
